DETAILED ACTION

1. Applicant's submission, filed February 5, 2007 has been entered and acknowledged by the examiner.
2. Applicant's arguments, see page 9, filed February 5, 2007, with respect to claims 1-32 have been fully considered and are persuasive. The rejection of claims 1-32 has been withdrawn.

Allowable Subject Matter

Claims 1-32 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art does not disclose, in addition to the other limitations of the claims, a film containing fluoroplastics formed over an inorganic insulation film and a sealing substrate formed over the film containing fluoroplastics and bonded to a first substrate by a sealant so that the light-emitting device, inorganic insulating film, and film containing fluoroplastics are encapsulated (in particular, the examiner agrees with the applicant that the optional glass or metal layer adding impact resistance, disclosed by the Haskal reference, does not constitute a sealing substrate meeting the requirements of the claims). Therefore claims 1,4,8,12,15,19 are allowed. Claims 2,3,5-7,9-11,13,14,16-18, 20-32 are allowed as a result of their dependence upon claim 1,4,8,12,15, or 19.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
